 3. Key Features
 1. Storage
 2. Syncing
 3. Sharing / Collaboration
 4. Amortize cost

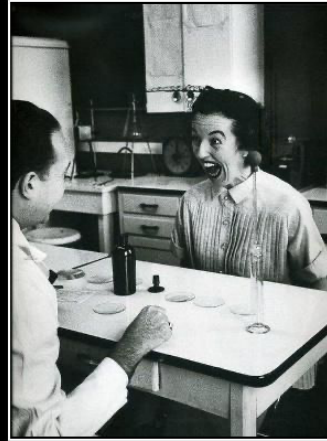

Spring Term SIG Sessions

Session Types

1. Lab
2. Lecture + Q&A
3. Discussion

Session Structure

1. Lecture
2. Lab (i.e., “hands on”)
3. “Office hours”

HUMAN
EXPERIMENTATION

How do you stay engaged so you integrate what you learn into your day to day use of your devices?

VPN Options

Jan 23	Files
Feb 6	OS & Apps
Feb 20	User Interface
Mar 6	Settings
Mar 20	Browsers
Apr 3	<i>“The Manual”?</i>

Your “Walled Garden”

- What's in your garden?
 - Devices, apps, accounts & data
- **Curating** your garden
- **Maintaining** your garden
- **Protecting** your garden

Start a Notebook

- Inventory your assets
 - Email addresses and accounts you have
 - Apps on each of your devices
 - Files stored on your devices and cloud drives
- How you use your devices
 - What apps do you routinely use? How often? How much time per use?
 - What sites do you routinely visit? How often? How much time per visit?
- What do you feel most comfortable/proficient doing?
- What do you routinely struggle to do?
- What makes you the most frustrated? The most uncomfortable?
